

THE DAILY HERALD

Salt Lake City, - - Utah.

WEDNESDAY, OCTOBER 15, 1884.

LOCAL BRIEFS.

WHAT beautiful weather!
The dust is nicely laid. Let it lay.
LATEST election returns in THE HERALD this morning.
ROSE EYTINGER in "Leah" at the Opera House this evening.
McCORMICK & Co. received yesterday 2 cars Hanager, \$5,750.
MAYOR SHAFF got up to inspect the Dry Canyon water works to-day.

LILLIE HUBERT in Helena. The Tribune expose only did her so much good.
OFFICER SALMON was seen upon the streets yesterday; he still wears a bandage however.

THE White House is well filled with arrivals and its proprietors appear to be doing a rushing business.

THE HERALD bulletin board, on which was inscribed the election returns, was the centre of attraction last evening.

THE Crescent directors held a meeting on Monday evening and adjourned till the last of the month without action.

JUDGE TWISS is disposing of the law and motion calendar, in the Third District Court, with ability and dispatch.

CONSIDERABLE excitement was created for a time yesterday by the discovery of a man who had not been subpoenaed in the Clawson case.

EDWARD A. SWENSON was on Monday appointed administrator of the estate of John Swenson, by the Probate Court, with bonds at \$25,000.

A COURT of Salt Lake belles are undergoing a quiet process of some kind of military drilling preparatory to giving a public entertainment.

WELLS, FARGO & Co. yesterday received 4 cars Horn Silver, \$12,000; 8 bars Ontario, \$4,978.30; 1 bar Christy bullion, \$1,830; total, \$18,808.30.

A CHANGE has been made in the programme of the Walker Opera House for Thursday evening, "Lied Astray," being substituted for "Leah."

PROFESSOR J. J. DAYNES, after sitting on the Trojan case, was excused from further attendance as a juror on producing his certificate as a teacher.

EVERYONE is invited to call and inspect the fine Exotic organ now on exhibition at Daynes & Co.'s; it is one of the first among THE HERALD premiums.

OUR proof reader made us say yesterday morning that the price originally paid Mr. Brim for the Queen of the Hills was \$100; it should have been \$4,000.

ANDREW KELLY, the prisoner who attempted to get possession of officer Salmon's pistol in the jail affray on Monday will be brought into court at 10 o'clock.

AT TOOLEY, on the 13th inst., Frank Hoagland, son of Andrew Hoagland, while feeding a cane mill, cut his hand between the rollers and had three fingers taken off.

THE Lamoreaux-Fitzgerald-Agramonte case will come up before Judge Speers at 2 o'clock to-day; it is not known whether or not the French consul and an interpreter will be required.

MORITZ & CULLEN are now putting the beer manufactured by their new brewer upon the Utah market; the article retains all the flavor enjoyed by the Salt Lake City Brewing Company's manufacture.

THE committee appointed by the mass meeting of Dry Benefactors held an interview with President Taylor on Monday in relation to the right of way for a ditch through the church lands on Prospect Hill.

MESSRS. ELA L. PIERCE and Thomas B. Needham have purchased the business and stock of P. R. Madeira & Co., and will continue the same at the old stand. See their announcement under the head of "New To-day."

CAPTAIN WOODMAN was yesterday excused from serving on the Trojan case, as he stated that he had been one of the judges appointed by the Lodge to examine into the shooting and had already formed an opinion.

JAS. A. MAKEWIGHT delivers his lecture on Bonaparte's captivity in Park City Saturday night. He repeats it in Ogden the following Monday and gives it one week from to-night in Logan. Brigham City may also be visited during the week.

A PENCIL sketch of Rose Eyttinger as Nancy Sykes, made from a private box during a performance, by George du Maurier, the famous pictorial satirist of Punch, recently sold in a London picture sale for seven pounds, or \$35. The likeness is said to be a striking one.

THE work of demolition on the Button & Boyan store commenced yesterday. The new building will run up three stories and conform in appearance to the Auerbach store; the ground floor and cellar will be for rent, but the two upper stories will be used by Auerbach Bros. in their wholesale business.

OK a blackboard in front of Barr & Co.'s saloon yesterday, was seen the following notice: "\$3,000-\$4,000. Blaine is our next president." Some parties were inclined to think this a bluff, but an inquiry elicited the fact that Mr. John J. Daly, of Park City, was the man willing to put up the money.

AN old man, near the Valley House, about midnight, tortured the people of the neighborhood with cries of "murder." Some employees of the hotel came to his assistance, and a HERALD reporter was quickly on the spot. It appeared as though he had been robbed of his senses by old Benzine, and that was all that could be gleaned.

ANOTHER Rejection. H. Dinwoodey is determined not to be undersold either in price or quality of goods. Call and examine my stock at 37 W., First South street.

YOU are Interested Yourself. We are prepared to sell to families, at the "Occidental," Pure California and Imported Wines, at Reduced Prices. The best of Liquors and Cigars always on hand. You will become convinced by a trial.

AVEN & MURPHY, Proprietors.

TROJAN FOUND GUILTY

The Cases Disposed of Yesterday.

TROJAN'S SENTENCE ON FRIDAY

The Calendar Being Rapidly Cleared by the Judicial Twin in the District Court.

In both Judge Zane's and Judge Twiss' branches of Court yesterday, the wheels of justice revolved swiftly and steadily all day, and by 5 o'clock a large portion of accumulated business had been disposed of. Before Judge Zane the following cases first came up for hearing:

People, etc., vs. John Meyers; assault with deadly weapon; motion to quash submitted and overruled; exception taken. Plea of not guilty.

People, etc., vs. Kee Foy and four others; grand larceny; demurrer argued, submitted, and overruled; exception taken. Plea of not guilty.

People, etc., vs. T. M. Johnson, impleaded with another; forgery; defendant Johnson came into court for sentence on plea of guilty previously made. Judge Zane delivered the following:

"The sentence of the Court is that you be confined in the Utah Penitentiary for one year." Defendant Kershaw pleads not guilty.

People, etc., vs. T. M. Johnson and Albert Kershaw; forgery; defendants arraigned; defendant Johnson pleads guilty, sentence suspended. Defendant Kershaw takes time to plead.

People, etc., vs. Wm. Gustafson; forgery; plea not guilty.

People, etc., vs. Michael Murphy; murder; defendant pleads not guilty.

People, etc., vs. Theophilus Hanks; assault, etc.; indictment dismissed.

People, etc., vs. Andrew Pettit; grand larceny; continued.

People, etc., vs. Robert Taylor, et al.; robbery; Dilly, with a view, and S. W. Denny, pointed to default.

The above cases were disposed of with very little delay; the Trojan case—the most important of any reached thus far—was then proceeded with and occupied the greater portion of both the morning and the afternoon sittings; Trojan himself, a young man with a foreign look, and not an unpleasing face, occupied a seat near his counsel, Messrs. Denny and Hoge; the jury was impaneled without much difficulty, and the trial at once proceeded by Assistant Prosecuting Attorney Zena Snow relating the facts of the case as charged in the indictment.

The particulars of the crime for which Trojan is held are familiar to the readers of THE HERALD, and need not be recapitulated but very briefly. He is the individual who shot at E. J. Sylvester, foreman in the Salt Lake Tribune office, some time ago, as the indictment charges, "with intent to murder." He was released on bail and left his bondsman in the lurch by decamping; was re-arrested in San Francisco recently by Marshal Ireland's orders, and has been in the Penitentiary since that time awaiting yesterday's trial.

The witnesses examined were E. E. Sylvester, the gentleman whom Trojan shot at, Messrs. Hart, Lippman, Nelson, Salisbury, Raddon, Coombs, Tillot, and Stenhouse, all employed at the Tribune office, and Officer Andrew Smith, who made the arrest at the time. The defense examined but two witnesses, and the testimony for either side did not differ materially from that given in the article above. The Judge charged the jury shortly before 4 o'clock, and they retired for consultation. They were out nearly an hour, which was consumed by the Judge, the marshal, the clerk, Mr. Denny and the court reporter, almost the only persons present, in indulging in surmises over the result of the Ohio election. Trojan, himself, sat in a chair nervously twisting his hat, and as the jury were escorted back by bailiff his hand was noticed to shake very perceptibly. The jury took their places and the Judge asked if they had agreed upon a verdict. Mr. Forbes, the foreman, responded by handing a certificate to the clerk which was read. It merely announced that the jury found the prisoner guilty of assault with intent to do bodily harm, a somewhat lighter finding than had been expected under the indictment; the jury were then excused, and Trojan was taken in charge by Marshal Ireland. He will be brought into Court on Friday morning to receive his sentence.

Judge Twiss sat in chambers, and during the day disposed of the following business. The details are of little interest, except to the parties immediately concerned.

U. C. R. R. Co. vs. C. P. R. R. Co.; William Young for plaintiff; Marshall & Boyle for defendants; demurrer to complaint was argued and submitted.

F. O. Webb vs. Charles H. Crowe; demurrer to complaint argued and submitted.

George C. Staley vs. M. R. Murray et al.; demurrer to complaint was argued and submitted.

Eliza Saxton vs. Eli Saxton; motion for a change of venue was withdrawn by agreement.

John Newhurst vs. Amos Mosher; motion for judgment was sustained.

D. & R. G. W. vs. D. & R. G.; demurrer to complaint was argued and submitted.

J. C. Bowring et al. vs. W. C. Bowring; two cases; motion to dissolve attachment was overruled in each.

Annette Cummings et al. vs. Brigham Young et al.; demurrer to complaint argued and submitted.

L. W. Reigel et al. vs. U. J. Wenner; demurrer to complaint was sustained and thirty days given to amend complaint.

H. D. Folsom vs. H. P. Kimball; motion to open default and vacate judgment; case continued and placed at foot of calendar.

P. V. Coal Co. vs. D. & R. G. Co.; same motion and same order as in the above case.

Wm. H. Fewel vs. Wm. G. Greene; demurrer to complaint was argued and submitted.

William Chislett vs. Jacob S. Stewart; the motion to discharge attachment was overruled.

Martha J. Smith vs. Alex. M. Smith; motion to vacate judgment; continued by agreement.

UNION PACIFIC EARNINGS.

What the Road Manages to Lay by for a Rainy Day.

The following is taken from the New York Stockholder. It will prove interesting to those who have thought that the fall in its stock meant that the great monopoly was in a tottering condition: The earnings of this road are returning to their former standard. In July the gross earnings were \$2,388,343, which was \$102,602 below those of the corresponding month last year. The gross earnings for August were \$2,490,155, and only \$17,246 short of the large earnings in August last year. A decrease in operating expenses of \$275,750 bring the net earnings ahead of those for August, 1883, \$223,552. On July 31st the net earnings of the road for the current year were \$2,441,145 below those for the first seven months of 1883. On August 31st the shortage was reduced to \$2,215,544. The following shows the gross earnings, the operating expenses, and net earnings for eight months, to August 31st, in comparison with last year, and for the month of August:

1884.	1883.	CHANGES.
Gross Earnings, \$15,871,292	\$17,938,150	Decrease, \$2,066,858
Operating Expenses, \$9,372,429	\$9,223,793	Increase, \$148,726
Net, \$6,498,863	\$8,714,357	Decrease, \$2,215,594
Gross Earnings, \$2,490,155	\$2,477,402	\$12,753
Operating Expenses, \$1,101,470	\$1,077,253	\$24,217
Net, \$1,388,685	\$1,400,149	\$228,533

W. G. BORLAND has been off duty for several days, being laid up at home with a severe cold.

A Third District Episode.

An incident occurred in the course of the Trojan trial yesterday, which illustrates the respect in which the Tribune is held by our attorneys. Presley Denny was examining a juror as to whether he had formed an opinion as to the innocence or guilt of the accused, and in answer to a question, the juror replied that he had read of the case in the Tribune.

Q.—Would it take evidence to remove the opinion you have formed?

A.—It would take evidence as strong as the opinion I read.

Mr. Denny—It would take much to remove a Tribune opinion, would it?

Mr. Denny may expect to be pounded and blackguarded for the remainder of his days for this instance of his right-fitting daring.

Exhibition of Mr. Lambourne's Works.

Within the next few days Mr. Alfred Lambourne, the well known local artist, will open an exhibition at Savage's Art Bazar. Among the fifteen pictures to be shown will be those works upon which Mr. Lambourne has been so actively engaged all the summer past. All will treat of subjects familiar to westerners, and prominent among the number will be several scenes on the California coast with one or two beautiful paintings of spots around Monterey. The exhibition will be entirely free, and the time of the formal opening will be duly announced.

Sacking Coal.

October 14th, 1884.

In view of the fact that at the present additional price of 25 cents on orders for coal delivered in sacks we are and have been delivering all such orders at a loss. We the undersigned have agreed upon the following: Extra rates to be applied on all orders for coal to be delivered in sacks, 50 cents on one-fourth and one-half ton lots; 75 cents on three-fourth and one ton lots. Ton rates to apply on all orders for more than one ton; will not sack less than one-fourth ton lots.

Above charges to be in addition to regular prices of coal delivered loose, and to be in effect on and after October 20th, 1884.

CITY COUNCIL.

Our Municipal Sires Hold their Regular Session.

TWO MAP MEN IN THE FIELD.

The Base Ball Fever Reaches the Tenth Ward—Petitions Presented—Reports Adopted, etc.

A full quorum of the City Council was present last evening, though a number of the Councilmen came late, owing perhaps to a change in the hour for convening; and the following business was transacted:

PETITIONS.

F. Auerbach & Bro. asked the use of a portion of the public street, opposite 143 S East Temple street (the old Button & Boyan premises), and also in front of 67 W Second South street, next to the Eagle Foundry, for a period of sixty days, the occupancy of a portion of these streets being found necessary in the construction of a new building, repairing the old ones, etc. Granted under the usual restrictions.

Erastus Snow asked that the Nineteenth Ward water ditch be flumed where it runs above his new house situated on the west side of Canyon road. Referred to the committee on irrigation.

A petition from Edward Benner, T. E. Jones and John T. Lynch, comprising a committee of the trustees of Salt Lake Academy was read. It asked that the trustees be allowed to place a public drinking fountain at the other edge of the sidewalk on Third South street immediately in front of Hammond Hall and that a continuous supply of water be granted through the mains, free of charge, to supply said fountain. The petition was received and granted, on motion of Mr. Dean.

A petition signed by A. Milton Musser and 147 others represented that they had no public place upon which to play ball and indulge in other exercises and that complaints were frequently made by citizens because the streets in the southeastern part of the city were used for that purpose. They asked that a portion of the Tenth Ward Square be set aside for public use as recreation grounds. Referred to the committee on public grounds.

Andrew T. Case petitioned for renewal of his lease of Tenth Ward Square for the year 1885, on the same terms as heretofore, viz: \$125 per annum. Referred to the committee on public grounds.

A petition from Dr. John R. Park asked that one of West's maps of Utah, which he understood the city would soon be in possession of, be donated to the Desert University; also that a copy of Sloan & Dunbar's Gazetteer of Utah, be donated to that institution, as both were much needed.

Mr. Jennings moved that the petition be laid on the table till the committee on finance should submit their report in relation to the Jos. A. West petition. No second.

Mr. Clark moved that the petition of Dr. Park be received and referred to the Mayor, to exercise his discretion in the matter.

B. A. M. Froiseth represented that his new map of Utah would soon be completed. That it was drawn to a scale of eight miles to one inch, mounted on cloth and rollers and would show all the public land surveys to date, county boundaries, cities, towns, settlements, railroads completed and projected, and would also be a mineralogical agricultural and topographical map of the Territory, and would possess every feature that goes to make a map valuable. It would contain much copyrighted matter which could not be made use of by any other publishers. He proposed to devote a similar space upon the lower margin to that upon his former map of Utah, for a revised plat of Salt Lake City, and in consideration of extra expense incurred in so doing, desired an appropriation of \$150, for the purchase of twenty-five copies of his map, when issued (being at the rate of \$3 per copy; retail price \$8 each.) Referred to the committee on finance.

Renewal of liquor license was granted to Luce & Duncan, P. Tomney and Geo. Whitehead, and a new license to the California Wine Co., J. Woolf agent.

License was also granted to the Salt Lake City Brewing Co., Jacob Moritz Secretary and Treasurer.

STANDING COMMITTEES.

The committee on public grounds reported that the assertions of James Baxter relative to lot 3, block 79, plat D, were correct, and that having failed to file at the proper time, and there being no adverse claimant, they recommended that the Mayor issue a deed to petitioner on payment of proper charges. Adopted.

The committee on police, having found the Marshal's bills for September, viz: \$216.30, correct, recommended their allowance. Adopted.

The committee on police reported that they had examined the statement of Alderman Speers of the police court business for August, and found it quite correct, and recommended that it be filed. Adopted.

The committee on finance, to whom was referred the petition of Joseph A. West, of Ogden, asking the city's patronage for his new map of Utah, etc., reported that in their opinion a map such as the one described in the petition of Mr. West, with a true representation of this city upon the margin, would supply a much needed want, recommended the purchase of thirty copies at the price named in his petition. Adopted.

The committee on license to whom was referred the petition of Mrs. Mary Tobias, asking for permission to run a small grocery business free of license, recommended that the license be permitted for a period of six months. Adopted.

MISCELLANEOUS.

The following amounts were, on motion, appropriated:

To Davis, Howe & Co., for twenty-five street lamps, at \$17, \$125.

To the contingent fund of the Superintendent of Waterworks, \$500.

To the contingent fund of the Chief of the Fire Department, \$100.

To the contingent fund of the Supervisor of Streets, \$1,000.

Mr. John W. Young being present, stated that the engineers of the Salt

Lake & Fort Douglas Railway had finished a profile of the location made on the streets traversed by the road. He asked leave to submit his drawing for the consideration of the Council. The profile was thereupon received, and on motion was referred to the committee on streets and alleys, with the Mayor associated. Adjourned.

Lime in Baking Powders.

Prof. R. A. Witthaus, M. D., Medical University, Buffalo, N. Y., who is the highest authority, says that "Calcium Tartrate (improperly called Tartrate of Lime), advertised as the lime found in Baking Powders, is derived from the wines that produce Cream of Tartar. It is a constituent of the grape and other fruits, and is absolutely harmless."

Electric Motor.

A very interesting exhibition of the ability of electricity as a motive power was given at Auerbach & Bro's dry goods store last evening. A small motor was attached to a Singer sewing machine, the current being taken from the are light wires of the local company.

A lady operator manipulated the machine without the least effort, running it at a speed of 1,500 revolutions a minute. It is said that about a third more work can be done by this motor than by any other power. It will prove a great boon for sewing girls. These motors, and motors for elevators, printing presses, pumps, etc., are said to be permanent generally, and are greatly increasing the business of the electric light companies. The Rocky Mountain Electric Light company expect to get the local company to introduce these motors very shortly and promise to furnish sizes of from one-fifth to 30-horse power. The motor at Auerbach's will be run every evening this week.

G. F. Culmer & Bros.

DEAR SIR:—I have been using your ZEROLINE Oil for lubricating the machinery of the elevator of the Walker House. I have also used nearly every other lubricating oil that has been recommended to me, but have never been suited except by your ZEROLINE. I will testify that it is a perfect lubricator. Since running it my running gear has never squeaked nor showed signs of wear or heat. It is the cheapest oil I ever used.

GEO. T. WOODWARD, Engineer.
